WG2 resolutions from 13th UN-GGIM-AP Plenary Meeting

- Renaming the Working Group 2 title to align with UN-GGIM agenda: **Integrated Geospatial Information for Effective Land Administration**;
- **Seeking participatory support** for the terrestrial-maritime questionnaire required for the reference guide;
- Prioritising and engaging **young leaders** into the geospatial section and the UN-GGIM agenda discussions to ensure **diverse perspectives** and **leadership succession**;
- **Aligning effective land administration** and the **integration of the terrestrial, built, maritime and cadastral domains** with the United Nations Integrated Geospatial Framework (UN-IGIF) and FELA to support the SDGs;
- **Re-affirming of key principles** in **fit-for-purpose, interoperability, sustainability, flexibility and inclusiveness** in effective and efficient land administration processes and systems;
- Recognizing **leveraging synergies**, avoid duplication through **collaboration** with other working groups of UN-GGIM-AP; and international organisations, such as FIG and encourage knowledge exchange.
